INTRODUCTION

MOSONiE Socio-Economic Foundation is a non- profit organization, with a broad Mission of Socio Economic Re-Architecturing North East India. MOSONiE represents “a small drop in the world’s need for shared responsible human initiative, contributing a friendly environment to Create, Recreate and Rejuvenate the Resources around us”.

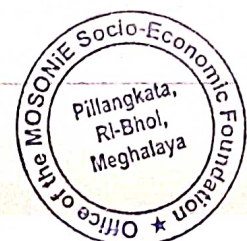

MOSONiE is a (Mao) tribal word for creation of a “ Common Wealth” through participation of all members of the community in nurturing the earth that bring forth fruits for sustaining lives. It denotes a wealth created through nurturing of the gifts of the earth and the usufructs are shared with each according to his/her needs in an egalitarian context. The word also denotes a utopian quality of togetherness of the community who lives simple lives and celebrate with the earth, water, air, vegetation and other living creatures in a communitarian situation. The word also embraces a reverential approach to nature, where each creation has a space and destruction of any species is avoided. All these ideas are encapsulated in MOSONiE.

The organization was officially incorporated on 8th September 2016, under Section 8 of the Companies Act, 2013. The CIN of the Company is **U85300ML2016NPL013616**. MOSONiE also got **12A** registered u/d IT Act, 1961 on 24th February 2017, and **80G** on 26th October 2018 registered u/d IT Act.

VISION: MOSONiE envisions creating a smart North East India and defines **SMART** as (Sustainably Managed And Rejuvenated Transformation). MOSONiE Socio-Economic Foundation is established with the vision to maximize the holistic living of the individual and community at large.

Established for the purpose of Peoples Corporate/Shared development and common Wealth, MOSONiE functions without regard to race, gender, nationality and political or religious affiliation. MOSONiE believes in the potentials of each individual to reflect the image of God, dignity that is inherent in every person, the importance of the quality of human life and reviving the best in the natural world for the beneficial co-existence of all creatures. Thus, MOSONiE beliefs in the Philosophy “Less of yours and Mine but more of Ours”

MISSION: Socio-Economic Re- Architecturing North East India

ROOTS: Hardworking, Honesty and Hospitality

AIMS & OBJECTIVES:

- ❖ To promote Nonconventional Practical Education and Social Entrepreneurship in Agriculture, Health, and other such relevant subjects of learning and specialization to sustainable livelihood, a scope to earn while learning , work at home and holiday out.
- ❖ To work in natural resources conservation and allied activities by promoting natural and organic Farming considering the positive impact on Health, Socio Economy, Environment and Mitigate Climate change.
- ❖ To promote Chartered Villages(SMART VILLAGES FOR SMART NORTH EAST INDIA) by taking up Sustainable Developmental activities in village and wherever our initiatives is required
- ❖ To promote initiative on Re-Engineering Life-Style and Health Care.
- ❖ To work on rights of the voiceless, marginalized the unjustly deprived and promote peace and harmonious co-existence of all mankind.

PROJECT ACTIVITIES-MOSONiE -SEF

Chartered Village

Chartered Village is one of the MOSONiE's mission strategies to bring about Socio-Economic Re-Architecting where inclusive development plan is made along with the villagers in planning and various developmental activities. Chartered Village upholds Rural Development activities by facilitating overall village development plan and activities. It is an integrated program with the objective of bringing Socio-economic transformation through concerted planning for all round development of MOSONiE adopted villages. The available resources are mobilized and put to optimum utilization for the development of the village which includes linking up with various government and non government schemes and programs, providing skill development trainings, livelihood enhancing supports- agriculture, entrepreneurships, livestock rearing and allied activities. MOSONiE plays the role as a catalyst in developmental process with the concern village leaders and also empowers the villages in carrying forward the activities for sustainability.

PROMOTION OF SUSTAINABLE LIVELIHOOD

Animal Husbandry - Piglets Distribution

Animal Husbandry trainings are conducted in collaboration with Assam Agriculture College, Khanapara Guwahati. During the training, the trainers impart the knowledge on the methods of- Rearing, Breeding, Diseases treatment and management of livestock. On 7th June 2019 MOSONiE in collaboration and with the support of college of Veterinary Science Khanapara Guwahati have distributed piglets to 20 households at Nongspung-C village under MOSONiE Chartered village viz, Gambalbari-B, Jolsyiem, Timbokgre, Umlathu and Nongspung-C of Ri-Bhoi District Meghalaya got benefitted the piglets. The main aim of this initiative is to open up an alternative source of sustainable livelihood for the economically poor household who were earlier engaged in hazardous livelihood activities as daily laborers in stone quarries crushes and mining. In total, 40 piglets (both male and female) were distributed after vaccinating. Also, 5 kilo each of pig feeds was given to the beneficiaries. The whole program was carried out in collaboration and support from the College of Veterinary Science, Khanapara, Guwahati, Assam, led by Dr. K Sharma (Professor) A.k Hazarika (Professor), and Dr. Pankaj Dekka

(Asst.Professor). So far out of 40 piglets distributed, 4 Sows have given birth, and the beneficiaries have given back a pair of male and female piglets to MOSONiE which was then redistributed to another 4 households for further multiplication.

HEALTH INITIATIVE

MOSONiE Health Care to Last Mile

Since 2016 MOSONiE-SEF has been providing accessibility to health care services to the communities in remote rural area. Continuing its Endeavour to provide accessibility to health care services to the communities through its campaign with the aim to bring affordable health care and free health information to the community and identify the common health problems of the community in order to devise ways of addressing it, to create awareness in both preventive and curative health treatment of the common conditions in the community, refer those who required specialized treatment to the relevant centers as well as create awareness for personal hygiene in prevention of serious diseases. MOSONiE SEF conducted a Health check up in the remote border villages of Meghalaya in collaboration with Indian Association of

Dermatologist, Venereologists and Leprologists IADVL ,NE States Branch. These camps are conducted to bridge the gap between poverty and Health care services to the people living in the remote rural area of Ri-Bhoi District, Meghalaya.

Specialist doctors such as Gynaecologists, Paediatrics, Dentists, Dermatologists and General Physician provides Free Check-up HB and referrals for Major cases .on an average of 300 availed the service every year from different villages viz., in Ri-Bhoi District of Meghalaya. various sickness was identified by Doctors among Babies, Adult and Old Age patients some of the Common Diseases are –

Diarrhea, water bone, skin disease like (Fungus, scabies, Ringworm), malaria, dysentery, acute, lized weakness, Anemia, Back pain (lower) cold and fever also Hypertension, Ischemic , heart Disease, Diabetes , Radiculopathy and lower back pain. Other diagnosed diseases include diabetes, hypertension, diarrhea, chicken pox and fever in most of the male population. Also Doctors advised various medicine and consultation. Besides that, Medicines were distributed free of cost during the camps. Till March 2020, over 700 have benefitted from Health Camps.

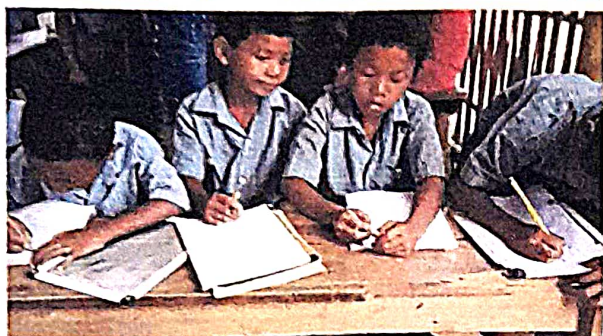

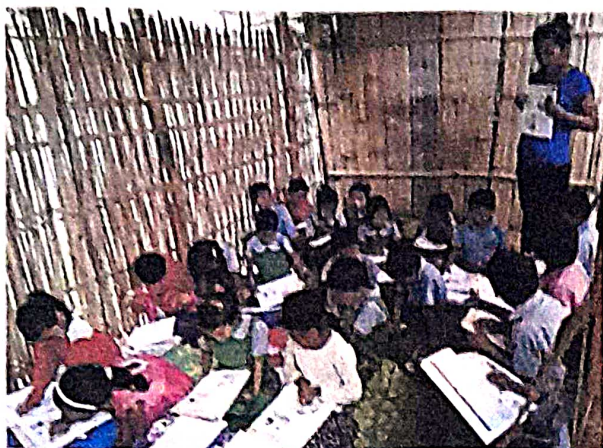

MOSONiE NON-CONVENTIONAL PRACTICAL EDUCATION SCHOOL (NCPE)

MOSONiE Nonconventional Practical Education (NCPE) is one of its strategies where the organization imparts an English medium school education. The initiative foresees to give quality practical education to students right from the primary level education in advance subjects which have high scope of employment and earning namely *Agriculture, Environment and Health*. The education system is designed in such a way that the learners inculcate the role and responsibility in the subject and the utilization of the subject for the short and long term benefit of mankind. The target groups are from age group of four and above. The school facilitates *Earn While Learning* seeing that the end desired goal is to create opportunity for students to graduate into Entrepreneurs, who need not seek for job but become creator of one thus ensuring employment sustainability and also with the aim of catering to the varied needs, interests and abilities of the students. NCPE is an alternative education which every child can pursue practically early in life, in hobby form of learning environment. NCPE believe all youth in North East India can become active contributor in making North East a strong and happy place. During the financial year 2019-2020 NEEPCO Shillong have supported in infrastructure (two Classrooms) for MOSONiE NCPE through CSR & S Schemes. State Bank of India Khanapara Branch have donated Aqua Water Filter for MOSONiE NCPE School Timbokgre

This education program has started since October 2016, where in which MOSONiE SEF have been volunteering in teaching children who have never been to school, from age group 4-16 in Timbokgre village, as requested by the village concerned. Timbokgre is a village in Ri-Bhoi District, Meghalaya with forty (50) household and with a population of 233 out of which 113 are male and 120 are female. The villages have no schools and the literacy rate of the village is as low as there is not even a single graduate. MOSONiE NCPE School now has 48 students enrolled to the academic year 2019-2020.

Inauguration of MOSONIE Non Conventional Practical Education School (NCPE) New Building funded by NEEPCO CSR& S Schemes 2018-2019

Mr. Abhishek Kumar DGM, CSR, NEEPCO Shillong inaugurated the new building in presence of officials and members from District School Education Department, Nongpoh, Ri-Bhoi, District Council, USTM, Envo Renewable Energy Services Pvt. Ltd, College of Veterinary Science, Khanapara, State Bank of India, Khanapara and the people of Timbokgre and Neighbouring villages.

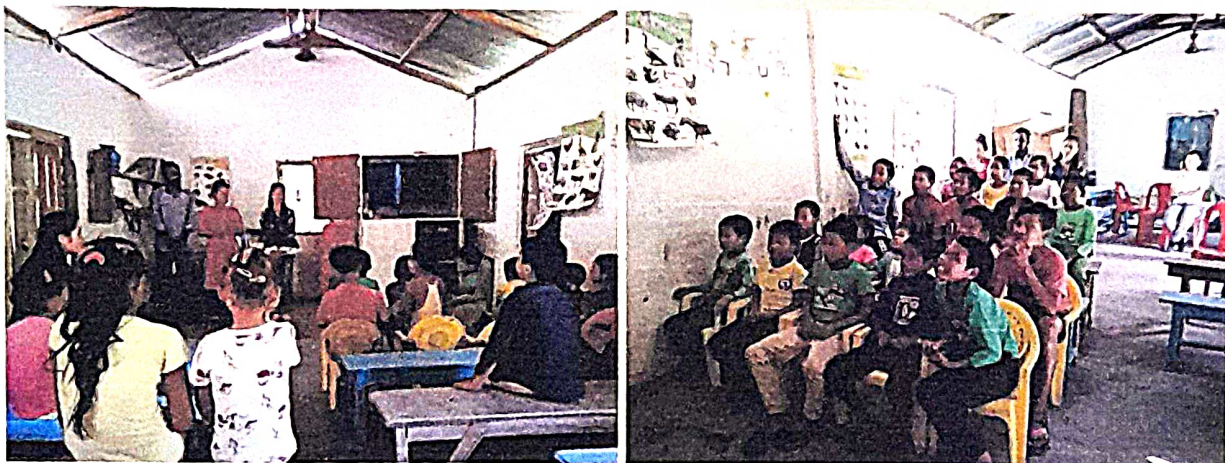

World Environment Day 5th June 2019

To mitigate climate change MOSONiE also promote plantation of trees in collaboration with TERI NERC (The Energy and Resources Institute), and ICAR. In observance of world Environment Day, On 5th June 2019, MOSONIE SEF celebrated **World Environment Day** with the students of NCPE carrying forward the theme of the year- “Beat Air Pollution”. The day was commemorated by planting two responsibilities: one, MSEF along with the students planted saplings of fruits, flowers and shade giving tree for the community. Two, MSEF planted the seeds of responsibility in these young buds, the future generation of the country.

Celebration of Children's Day 14th November 2019

MOSONiE SEF celebrated Pandit Jawaharal Nehru birthday on 14th November 2019 at MOSONiE NCPE school Timbokgre village . The day was attended by Rinlan and Lian from MOSONiE the program begin with an introductory speech on the Importance of Children's and why is it celebrated by making awareness on children rights after which Movie was screened through Digital Education Program.

MOSONiE NCEP Annual sports day 24th October 2019

MOSONiE NCPE Organized Annual sport was held on 24th October 2019 at NCPE School Timbokgre village. The one day sports event was held at NCPE School Timbokgre village. Indoor and outdoor games were conducted with the children where students were actively participated on that day the event was also attended by Students interns from USTM Department of Social Work.

CLEAN ENERGY FOR SOCIO-ECONOMIC UPLIFTMENT

Solar Home lighting for the far flung remote villages in Ri-Bhoi, Meghalaya

MOSONiE-SEF Clean Energy Pilot project was launched in partnership with SELCO Foundation in 2017 for building sustainable energy ecosystem through energy solutions. The projects objective is to provide quality solar home lighting system to the rural homes for socio economic upliftment in villages where state electricity is yet to reach. It also aims to uplift their Education, Livelihood and Environment through access to sustainable energy. Through this project MOSONiE have reached out 24 rural far flung villages where there is no electricity and where the power supply is erratic and. The project was implemented in rural far flung villages under Jirang and Umling Blocks, Ri-Bhoi –District, Meghalaya. The initiative provide more time for children to study at home even after sunset and parents have longer hours to do work even into the nights which give more income. The target beneficiaries are mainly from poor income families mainly engaging in daily activities in stone quarries, stone crushes, and burning charcoal and small agriculture farmers.

Continuing its Endeavour during the year 2019-2020 MOSONiE have installed 6 Home Lighting System(SHLs) 2 systems through direct cash payment and 2 livelihood systems Solar Powered Printing Machine (LSK) through Bank finance at Patharkhmah , Nongdom, Mynnar, Nongshier and Warmasaw village. Overall MOSONiE have installed 115 Home Lighting systems through revolving fund and Bank Finance. And 3 Livelihood systems (1 Solar powered sewing Machine and 2 Solar Powered Xerox Printing Machine)

PROMOTING SOCIAL ENTREPRENEURS

Solar based Livelihood intervention in Ri-Bhoi District Meghalaya

MOSONiE Socio-Economic Foundation in Partnership with SELCO Foundation has implemented Pilot projects for building sustainable energy ecosystem through energy solutions for households and livelihood to the last mile communities in Ri-Bhoi, one of the aspirational district of Meghalaya. Through this program, MOSONiE have reached out to 24 far flung villages in two blocks –Umling and Jirang block under Ri-Bhoi District of Meghalaya in un-electrified, under electrified and electrified villages.

The main aim is to address the environmental issues, lack of access to reliable energy that could have enabled them options of increased incomes, improve wellbeing of the communities,

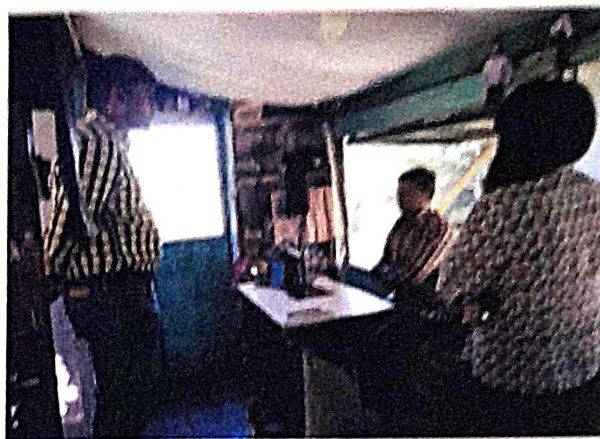

encourage new income generating activities, livelihood improvement, better avenue for children's education, social security and capacity building of the end-users or entrepreneurs.

MOSONiE in partnership with SELCO Foundation have identified and supported end-users and entrepreneurs for improved livelihood solutions to 3 entrepreneurs: Tailor, Eri-Spinning, and LSK, a digital centre for printing and photocopying in Jirang Block, Ri-Bhoi District, Meghalaya.

Tailoring shop in New Jirang

Solomon Ali is a middle aged small tailor shop owner from New Jirang village, in Jirang Block Meghalaya. He have 3 school going children and his tailor shop was the main source of income for the family apart from his wife's small tea stall. Ali before having his own tailor shop worked under someone and started his own business in the year 2004 at New Jirang village. His shop caters services to 7 schools in and

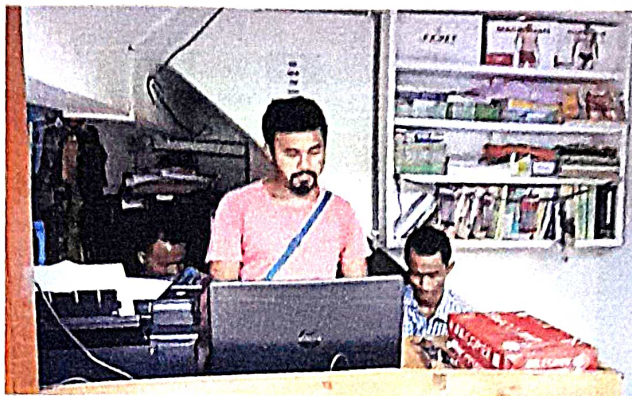

around New Jirang. Besides, he also caters to the needs and demands of the locals. Prior to MOSONiE and SELCO Foundation's intervention he normally does his tailoring work manually and stitches 3-4 garments per day. On 20th September 2018, MOSONiE and ENVO with the support of SELCO Foundation installed a demo solar powered sewing machine (75W panel, 60 Ah batter with 10amp CR) at Ali's tailoring shop. Later, Ali wanted to buy the system as it has given him much profit by using the solar powered sewing machine. After the intervention, Solomon Ali could complete 5-6 garments in a day and consequently his daily income increased. Ali has one employee working under him and is planning to employ more people in his shop. Sharing his experience, Solomon Ali stated that using the solar powered sewing motor has reduced much of his labour pain which he usually went through. *"Earlier I suffered from body pain especially my legs, as I had to paddle throughout the day to meet customer's order. By night, I had to let my children massage my legs due to the pain caused by pedaling too much. I always felt I was still pedaling even at sleep. Now I could work till late night with ease since I have solar light in addition to the motor."* The system cost Rs. 25010 and Solomon Ali pays an

EMI of Rs. 1143 for a period of 2 years. In a day he is able to earn ₹2000 to ₹ 2500 at the maximum.

Pherlin Ripner (LSK), a resident of Patharkhmah village is an enthusiastic entrepreneur who runs a small stationery shop in Patharkhmah market area. Patharkhmah serves as a center point for about 10-15 neighbouring villages to do all kinds of printing, photo copy and documents related work as there are already two banks in the area-SBI and MRB besides government and private schools. Seeing the potential of the area, Pherlin was much encouraged and interested to take up LSK system when introduced. Moreover the area gets a very poor supply of electricity where in which power cuts at the

stretch of 5-6 hours in a day and sometimes even for two to 3 days with the slightest wind and rain. On 19th September 2018, a Demo system (225 wp panel and 150Ah, 1100va inverter) was installed at Pherlin's Shop. It became a new source of income for Pherlin where in which he earns Rs. 400 to Rs.800 on daily basis and sometimes even upto Rs.2000 depending on the season. Eventually as he saw the profitability he wanted to own the system and also wanted to upgrade the same. However, since he didn't have enough capital, MOSONiE helped him get loan from the Meghalaya Rural Bank for a system cost of Rs.94328 in which he paid a margin amount of Rs. 18,866, a monthly EMI of Rs. 2000 for 2 years tenure.

This intervention was crucial, as power supply in the area was very erratic. Also Patharkhmah, the intervention area serves as a centre point for about 17 to 18 villages where most of the paper work and important documents related works are entirely done in this particular village. Sometimes when power supply is not there, villagers in order to get a single paper done had to travel to the nearest town/ city which are hours away.

Enkumar Mawblei of Warmawsaw village, a village which is 15 Kms from Patharkhamah is a youth identified by MOSONiE who was given a demo system of LSK. The villager's in order to get a single photo copy of documents usually travelled 18 kms. There are no public transportations available to reach the centre apart from the only bus which usually leaves early in the morning and returns by evening.

Therefore villager who doesn't have personal vehicle had to spend the whole day in order to get the work done.

The demo system was kept for 4 months and later he wanted to own the same as it started to give him as a new source of income. Therefore MOSONiE installed a new set of system for Enkumar and he also extended his shop with some other stationery items. Now it caters to 4-5 neighboring villages to get printing, photocopying and photo studio works done in the village itself.

MOSONiE -SEF INTERNS

MOSONiE-SEF have provide opportunities to students/individuals who are pursuing their studies from various background to do practical learning for the last 4 years .during the year 2019-2020 Interns from University of Science and Technology (Master in Social Work) had engaged in MOSONiE Non-Conventional Practical Education School Timbokgre Village. Different program and activities like Home Visits, awareness program on Health & Hygiene among children and women, and importance of Education was conducted by the interns. Besides, they were also actively participated in taking class for the students throughout their internship.

Awareness on Health and Hygiene 12th September 2019

The Company (Association) was incorporated on September 08, 2016 vide Certificate of Incorporation no. U85300ML2016NPL013616 issued by the Registrar of Companies, Shillong. Mosonie Socio Economic Foundation is a Non Profit organisation incorporated under Section 8 of the Companies Act, 2013.

NOTE:1(b) OVERVIEW

The Association is incorporated for promotion of socio economic resurgence of chartered villages, to promote Non Conventional Practical Education, to perform charity works and to promote Food Security. It also provides customised solar home lighting systems and solar livelihood systems in unelectrified or under electrified remote villages in Ri-Bhoi District, Meghalaya along with training and awareness sessions. The goal of the mission is achievement of socio-economic re-architecturing of North east India.

The Company is registered under 12A(A) of Income tax Act 1961 under URN - AKCM6096P /10 /16-17G(5)(vi) of the Income tax Act, 338 w.e.f. 08/09/2016 and has received approval under 80G from CIT under Memo no. CIT(E)/10E/02/2017-18/G-0009/842-44 which qualifies it for deduction under Section 80G(5)(vi) of the Income Tax Act, 1961.

NOTE:2 SIGNIFICANT ACCOUNTING POLICIES

a. Method of accounting:

(i) The Accounts are prepared under the historical cost convention in accordance with the mandatory accounting standards specified under section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Rules), 2014

(ii) The Accounting Policies not specifically referred to otherwise be consistent and in accordance with generally accepted accounting principles.

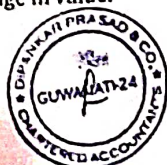

b. Use of estimate

In bringing the financial statements in conformity with Accounting Principles generally accepted in India, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent liability as at the date of financial statements and the amount of revenue and expenses during the reported period.

Actual results may differ from those estimates. Any revision to such estimate is recognized in the period in which the same is determined.

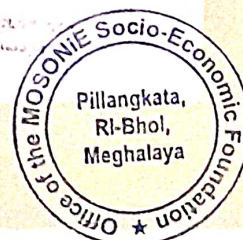

c. Cash and cash equivalent:

Cash comprises cash in hand & demand deposits with banks, cash equivalents are short term balance (with an original maturity of 3 months or less from the date of acquisition), highly liquid investment that are readily convertible into known amt of cash and which are subject to insignificant risk of change in value.

d. Tangible assets & Capital Work in Progress :

Tangible Assets are stated at cost less accumulated depreciation and impairment, if any. Direct costs are capitalized until such assets are ready for use. Subsequent expenditure on fixed assets after its purchase is capitalised only if such expenditure results in an increase in the future benefits from such assets beyond its previous assessed standard of performance.

Capital work - in - progress comprises of the cost of fixed assets that are not ready for their intended use at the reporting date.

e. Intangible assets :

Intangible assets are recognised when it is probable that the future economic benefit that are attributable to the assets will flow to the company and the cost of the assets can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life .

f. Depreciation :

Depreciation is to be provided for under straight line method at the rates prescribed for under Schedule II of the Companies Act, 2013 (as amended) for all categories of eligible assets, on a proportionate basis depending on the period of use and useful lives of assets estimated by the management. The Management estimates the useful lives for the fixed assets as follows :

Computer	3 years
Office Furniture	8 years
Tools & Equipments	5 years

g. Investments :

Long term investments are stated at cost in the financial statements unless there is permanent diminution in their value. Current investments are shown at lower of cost and market/ fair value. Cost of acquisition is inclusive of expenditure incidental to acquisition.

h. Impairment of assets :

The carrying amount of assets are reviewed at each Balance sheet date if there is any indication of impairment based on internal/ external factors. An impairment loss will be recognised whenever the carrying cost of an asset exceed its recoverable value. The recoverable amount is the greater of the asset's net selling price and the value in use. In asseing the value in use, the estimated future cash flows are discounted to their present value at weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. Previously reconized impairment loss is further provided or reversed depending on changes in circumstances.

i. Revenue recognition :

Expenses to the extent considered payable unless specifically stated to be otherwise are to be accounted for on mercantile basis.

The company in association with SELCO Foundation & Envo Business Solutions Pvt. Ltd. is providing Solar Home Lighting system at affordable prices to remote villages in the hills and the amounts collected are used as revolving fund for further enhancement of the project. The beneficiaries pay the amount as per their convenience and the amount received has been accounted for as donations.

j. Taxation :

No provision for taxation has been recorded in view of exemption available to the Company under Section 12A(a) of the Income Tax Act, 1961.

k. Borrowing cost :

Borrowing cost relating to the acquisition / construction of qualifying assets will be capitalised until the time all substantial activities necessary to prepare the qualifying assets for their use are completed. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All others borrowing costs are charged to revenue.

l. Deferred revenue expenditure :

These expenditure are to be amortised in the year in which incurred.

m. Provisions & Contingencies :

A provision is recognised when the company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligations at the Balance sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

(a) Contingent Liabilities - Nil (Previous Year - Nil)

(b) Commitments - Nil (Previous Year - Nil)

n. Cash Flow statement :

Cash flows are reported using the indirect method, whereby profit before tax, is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts and payments and item of income or expenses associated with investing or financial cash flows. The cash flows from operating, investing and financing activities of the Company are segregated based on available information.
